FULL PROGRAM OF CLOSING EXERCISES

Of Stanford School Will Have Elaborate Entertainments--Two Graduates This Year.

The closing exercises of the Stanford school this year will be more elaborate than they have been in any previous year. All the exercises will be held in Wallon's Opera House. The laceration-recreation sermon will be delivered by Dr. Everett Gill, of Danville. The meeting was changed to the Opera House that all might have an opportunity to hear him. There will be special music.

On Monday night will be given the Junior play, entitled "Mr. Bob." The Juniors will be assisted by Miss Bertha Jackson, who will teach expression in the Stanford Graded School next year. Admission 25 and 35 cents.

Tuesday night Miss Kate Newland will give a piano recital under the auspices of the music department of the school. Admission free, except reserved seats.

On Wednesday night the annual commencement of the Stanford High School will be held. President John J. Tigert, of Kentucky Wesleyan College, at Winchester, will deliver the address. Miss Bertie Jean Penny, who has been attending Ward Seminary, at Nashville, will play on this occasion. She has been with the first teachers of the land on violin. Admission free.

Thursday night will be the last. The annual recital of the music department will be given then. There are always enjoyed. Admission 25 and 35 cents. All friends and patrons are invited to attend all these exercises. Seats will be on sale at Shugars & Tanner's. No charges except where specified. Baccalaureate sermon at 7:30 Sunday evening. All the other exercises begin at 8 P. M.

There are but two graduates from the High School this year--Thos. Bright and Walter Singleton.

The three lowest grades held their closing exercises last week in the College chapel, which was beautifully decorated for the occasion. The teachers, Mrs. H. D. Phillips, Miss Jennie Newland and Miss Annie McKinney, had arranged an artistic program. Samples of the work which the little ones had done were displayed about the room and made a most attractive setting for the program.

Mrs. Nan Goode

Passes Away at Turnersville At Home Where She Was Born.

After a protracted illness of a complication of troubles, Mrs. Nan Goode, widow of Joseph Goode, died at her home at Turnersville at 5 o'clock Wednesday morning, aged 75. The burial occurred in the family burying ground, on the Hocker place, at 2:30 yesterday afternoon, Mr. J. C. McClary conducting the funeral services.

Mrs. Goode is survived by the following children: Medames T. J. Goode, this place, and R. R. Green, of Turnersville, and Messrs. Joseph, William and I. D. Goode, all of this county. She was a consistent member of the Christian church and a good woman in every way. She died on the farm she was raised on and her entire life was spent on the place.

Big Haul of Crap Shooters.

Dozen Arrested in Game in Deep Well Woods Last Sunday.

Deputy Sheriff W. S. Embry made a dozen arrests in the Crab Orchard section this week, growing out of the crap game in the Deep Well woods last Sunday in which Jim Lee was arrested by "Tiger" Curtis. Most of those arrested were Negroes but several white boys are said to have been in the crowd. All were placed under \$25 bond to appear before County Judge Bailey here this Friday afternoon.

Lee was shot in three places by Curtis, and is said to be in a serious condition. The principal wound is a shot through the right lung. Another bullet lodged in the fleshy part of his right leg and the third grazed his stomach. The fight is said to have started over a nickel during the progress of a crap game. After he was wounded Lee told the names of those in the game.

Court At Kings Mountain.

Squire Singleton Dispenses Even-Handed Justice.

Squire Singleton held court at King's Mountain this week, and handed out justice to a number of wrong-doers. He fined Claude Rowland \$5 and costs for flourishing a shot-gun during the course of a little argument there, and Rowland came to jail to work it out. Jim Floyd caught a \$30 fine for throwing a rock and Jim Florence \$10 for cursing Walter Gooch, and Geo. Rigney \$10 each for resorting to force to settle their difficulties. Charles Roberts proved self-defense on a breach of the peace charge and was dismissed. County Attorney Burch prosecuted the cases before the Squire.

Shall Women Vote?

If they did, millions would vote Dr. King's New Life Pills the true remedy for women. For banishing dull, fagged feelings, backache or headache, constipation, dispelling colds, imparting appetite and toning up the system, they are unequalled. Easy, safe, sure. 25c at Penny's Drug Store.

RAGGED WORK MARKS 19TH VICTORY

Stanford Defeats Hustonville Here Wednesday 4 to 2 Before A Large Assemblage.

In one of the raggedest games ever seen on the local diamond, yet one of the hardest fought, Stanford administered a second defeat to Hustonville, by a score of 4 to 2 Wednesday afternoon, and won its 19th straight victory. Both teams threw the ball about the diamond like novices at times, and the error column will show just how rotten some of the plays were. Two of the best players on the Middleburg team, Gashberry and Sweeney, helped the visitors out, but the former had to retire in the sixth inning when Coleman collided with him in trying to make first safely, a very bad gash being cut above Gashberry's eye from which blood spurted freely for a time. Coleman almost broke his knee cap and it is feared his injury will keep him out of the track meet at C. U.

The Stanford team played the worst ball that has been seen on the lot this season. Mike Penny led in bunting, throwing badly to bases, and in the ninth he took the "studs" and refused to run out a clean hit between Sweeney and Stagg. Coleman dropped throws at third and Hill muffed a fly in center which threatened to become costly. But the visitors had just as much of an off day, and the errors rather counterbalanced each other.

Embry pitched well, fanning out 12 men and holding the West Enders to seven hits which he kept well scattered. The home lads only garnered eight hits off Swope, who twirled a nice game for the visitors. He is small but has plenty of speed. Singleton and Coleman were the only ones who could find him successfully. For Hustonville Sweeney and Yowell carried off the batting honors. Cleve Dunn fanned every time up.

Stanford scored first in the fourth inning when McCarty got first on four wide ones, went to second and third on Swope's wild heave trying to catch him off the bag and scored when Sweeney threw wild trying to catch him at the plate.

Hustonville took the lead in the fifth by putting two over the pan. With two men out, Yowell hit a smashing two bagger to right. Gene Dunn hit to Singleton, but McCarty dropped the throw after making a fine stop and Yowell scored. Bishop put a corking single to right and Dunn came home from first. Stanford tied it, however, in the last half, when Tom Bright was safe on Gashberry's dropping of Yowell's throw. He got second on a passed ball by Bishop. Hill fanned, but Waters singled to right, sending Bright home. The visitors had two men on bases in the eighth and again in the ninth but the agony was ended in the last round when Tom Bright safely bagged Bishop's long fly, making the third out.

Stanford won the game in the sixth when McCarty, first up, singled to right. Bishop threw low to catch him at second and the ball bounding far into center, he came home. Singleton singled by first, stole second, and after Coleman had singled by second, scored while Coleman was being run down between first and second.

Interest was very keen in the game, and a big crowd of Hustonville rooters was on hand, the attendance being about the largest of the season.

Stanford plays at Harrodsburg Tuesday but unless a better article of ball is put up, this record breaking winning streak is going to get smashed itself.

Saves An Iowa Man's Life.

The very grave seemed to yawn before Robert Madison, of West Burlington, Iowa, when, after seven weeks in the hospital, four of the best physicians gave him up. Then was shown the marvelous curative power of Electric Bitters. For, after eight months of frightful suffering from liver trouble and yellow jaundice, getting no help from other remedies or doctors, five bottles of this matchless medicine completely cured him. It's positively guaranteed for Stomach, Liver or Kidney troubles and never disappoints. Only 50c at G. L. Penny's Drug Store.

J. D. Whitehouse bought 45 head of 1,000-pound cattle from Josh Jones at 6c. He sold a bunch of 800-pound cattle to A. I. McDowell at 6c.

Just Shows What Advertising In The Interior Journal Will Do.

(A letter received by the editor.)

PENCE BROS.,

Buggies, Wagons, Farm Implements, Harness, Etc.

Stanford, Ky., May 16, 1910

Editor Interior Journal, Stanford, Ky.

Dear Sir:

Our most sanguine expectations were exceeded by the success which our spring opening sales attained on last Monday, May 9th. Our sales for the day amounted to over \$2,800 with over half cash in hand business. We had buyers from all over this and many of the counties adjacent to us, who said that they found it paid them to come to Stanford to deal with us.

It may be of interest to you to know that we attribute a great measure of the success of our sale to the influence and value of the advertising we carried in your columns. As you probably know, we advertised our great spring opening in no other way except through the columns of the Interior Journal and we know that we were repaid an hundred fold for every cent that it cost us. We regard our advertising as one of the best investments we ever made.

Very truly yours,

PENCE BROS.

Was Col. Swope Married?

Jury Gives Dr. Hyde, His Alleged Murderer, Life Sentence.

Dr. B. C. Hyde, the Kansas City physician, who was accused of causing the death of Col. Thomas H. Swope, the former Lincoln county millionaire of that city, was given a life sentence by the jury that tried him. The verdict met with general approval here, where a great number of Col. Swope's old friends followed the case with much interest.

A report is current in Kansas City that Col. Swope was married prior to the civil war and has a son living, who is heir to his large estate. The Danville Advocate received a telegram from the Kansas City Star as follows:

"Please see some old-timers and ask them if they ever heard Col. Thomas H. Swope, who died recently in Kansas City, the alleged victim of Hyde, was ever married. Report is that about the beginning of the civil war Swope entered the army. At that time he told comrades in Danville that he was married and had a wife up in the mountains."

Gun Wasn't Loaded.

William Hubbard, in charge of an extra gang of section men on the L. & N. railroad, near Hazel Patch, was instantly killed Wednesday. He pulled the trigger of an "unloaded" revolver but it discharged and the bullet went thru his heart, causing instant death. He was 21 years of age and unmarried, and lived at Lilly, Laurel county.

Not Sorry For Blunder.

"If my friends hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes D. T. Sanders, of Harrodsburg, Ky., "but for years they saw that every attempt to cure a lung-racking cough failed. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have had for years. This wonderful life is an unrivaled remedy for coughs, colds, la grippe, asthma, croup, hemorrhages, whooping cough or weak lungs. 50c; \$1. Trial bottles free. Guaranteed by G. L. Penny.

Colored Odd Fellows.

Stanford Lodge No. 2940 G. N. of O. F. and the Household of Ruth No. 580 and Juveniles held their anniversary Thanksgiving service last Sunday at the colored Christian church. E. L. Stepp delivered the address of the day on the Cardinal Principles of Odd Fellowship and Laura B. Chenault spoke on behalf of the Juveniles. Rev. G. W. Ward, of Lancaster, followed with interesting remarks. The affair was one of the nicest events held in colored lodge circles in a long while. E. H. F.

"Hyomei has cured me of catarrh of long standing. It is the best thing to kill a cold I have ever got hold of."--Mrs. A. Hasian, Croton, Lee county, Ia. Sold by G. L. Penny on money back plan. Complete outfit \$1; extra bottles, 50c.

MISS LINDA OWSLEY, of Lexington, is the guest of her sister, Mrs. John S. Wells--Advocate.

MISS LAURA CARPENTER is the guest of Mr. and Mrs. Robert L. Salter, in Danville.

At Increased Salary

Prof. Hopper is Elected Head Of Mt. Sterling School Again.

Prof. W. O. Hopper, a former Stanford boy, has been re-elected as superintendent of the Mt. Sterling public graded school by the board of trustees of that institution at an increase from \$1,200 to \$1,500 a year in salary. The Mt. Sterling Sentinel-Democrat says: "Prof. Hopper has given eminent satisfaction as superintendent, as his re-election and increase in salary indicate. He is a scholarly gentleman and all are glad that he is to remain at the head of our public school."

Stanford Athletes

To Participate in Big Meet At Danville Friday Afternoon.

The Stanford High School will have several entries in the track meet and tournament which will be held on the Central University field at Danville in connection with the carnival this Friday afternoon.

Harris Coleman, who carried off the honors in these events at Lexington, will be entered in the shot-put and the hammer-throw. Wallace Singleton will also enter these events.

The Stanford team in the mile relay race will be Coleman, Penny, Singleton and Embry.

Embry and Penny will run in the hurdle race, while in the half-mile and mile the local entries will be Lester O'Bannon and Ed Rankin.

Singleton, who won at Lexington, will again be in the high and broad jump, with Penny also entered.

A large number of local people will go over to Danville Friday, which is the big day of the carnival, and also the day for the unveiling of the Confederate monument. Many local people have received invitations for the high dance to be given at this rink there that night.

The floral parade of the carnival will be on Saturday, starting at 1 o'clock in the afternoon. Georgetown and Central play a ball game that afternoon.

Home Cure For Eczema.

Does it not seem strange that so many people suffer year in and year out with eczema?

A 25 cent bottle of a simple wash stops the itch and will surely convince any patient.

This wash is composed of mild and soothing of wintergreen mixed with thymol and glycerine, etc., and known as D. D. D. Prescription. We do not know how long the D. D. D. Laboratories will continue the 25c offer, as the remedy is regularly sold only in \$1 bottles and has never before been put on the market on any special offers. If you want relief to night try a bottle at 25c on our personal recommendation. Shugars & Tanner.

Wool buyers from Paint Lick, Lancaster and Richmond were here this week to collect some of the crop which they claim to have contracted for some time ago. They are said to have had trouble in securing crops at 20c, which they claim to have contracted at, when the market is now about 30c. Many of the wool growers are refusing to sell at the lower figure.

Can See Comet Tonight

Tail Swiped Earth Wednesday But No Damage Done.

Thousands of people in this section of the State who have awaited in fear and trembling the coming of the comet will breathe easier now that the earth has passed through the tail and no evil effects have been felt. A great many Lincoln county people arose early in the mornings last week to get a view of the celestial visitor before it "hit" the earth, but many more were content to wait until it was visible in the early evenings.

Prof. Jacoby, astronomer at Columbia University, says that on Wednesday and Thursday nights the comet was not visible, but that the best view of it will be had to-night, Friday. He says: "When the comet appears just after sunset it will be much more brilliant than it was last week in the morning sky. Look for it right over the spot where the sun goes down, and after the first night or two look for a shaft of light reaching up into the heavens until it seems like a rainbow cut in two."

The official "dope" on the comet for today is as follows: Halley's comet sets to-day at 8:11 P. M., to-morrow at 8:12 P. M. Sun sets 7:11. Comet's speed to-day about 1,519 miles per minute. Comet's distance from the earth, 14,300,000 miles, and rapidly increasing. Comet's position directly north of Orion, where it was last autumn.

Many of the more superstitious, especially the colored population, refused to work Wednesday, and negro farm hands in many instances remained in town. Services were held at several of the colored churches until late Tuesday night, and scores are said to have made confessions, so as to be ready for whatever might come.

Editor Breckinridge

Pays High And Deserved Tribute To Former Lincoln Editor.

Sunday's Lexington Herald contained a picture of Col. W. P. Walton, formerly editor of the INTERIOR JOURNAL, together with a news story of how he played a prominent part in suppressing lawlessness in this section of the State. Editor Breckinridge comments upon the matter, which is so well known to the older citizens of the county, in the editorial columns of the Herald, as follows:

We publish in other columns of this issue a brief account of an incident in the career of a Kentucky newspaper man to whom is due high credit for the service he rendered in re-establishing the reign of law and breaking the power of the lawless in a community in which he had then just settled.

The incident recalls the more strenuous days of journalism in Kentucky, when soon after the civil war there was an era of violence and bloodshed which seemed to justify the appellation of "Dark and Bloody Ground" for the State, the right name of which in the Indian language means "Peace."

When that day comes--may it be in the distant future--upon which Mr. Walton, the hero of that incident, is carried to his grave, it and many another similar illustration of his courage and devotion to law will be recalled with commendation. Now, long years we hope, before his death, it gives us pleasure to publish that incident, gathered by a member of the Herald staff in his regular routine of work, and to bear our tribute of praise to one who was induced to come to Lexington by those who wished to destroy the influence of the Herald, and with whom, due to political differences, we at one time had serious difficulties, but for whom we have learned to have respect, and to whom finally we gladly gave full meed of admiration and friendship.

For courage, loyalty to friend and principle, honesty of purpose, he has no superior in the newspaper profession in Kentucky.

Hubble.

Every farmer is through with his sheep shearing.

A. M. Luce says he is going to take all the wool he bought and pay what he promised for it. That is the way to do business.

W. H. Underwood had a 1,000-pound steer shot Friday night. He has no idea who did him the trick.

John Chrisman sold Hig Alcorn a mare for \$100. W. H. Dunagan sold his hay to Baughman & Co. at \$15 per ton.

Robert Fitzpatrick has measles. Pat Davis Rankin is very sick with mumps. Will Anderson has moved to Dave Spoonamore's.

Mr. Dunbar has set out some tobacco, the first we have heard of in this neighborhood. Pat Jones lost a fine mule colt last week. J. L. Sloan sold a fat hog to Lutes at 8c. Joe Robinson sold to Brown & Lawson nine hogs at 8c. A. L. Rankin also sold them 16 hogs at the same figure.

Lee Rankin and wife visited D. F. Rankin Sunday. S. B. Sanders and wife visited his father in Garrard Sunday.

There will be preaching at the Christian church next Sunday evening.

Mrs. J. L. Sloan went to Lexington Saturday to visit her sister, Mrs. Clarence Withers.

A TRIP THRO' SOUTH TO CONFEDERATE REUNION.

Clarence Coleman Writes Interestingly Of His Travels In Southern Cities.

LOUISVILLE, May 17.

DEAR INTERIOR.--Though a frequent contributor for the news columns of the "cheapest and best" since a mere kid, yet this is my first intrusion since the change in management; and I confess it is with some hesitancy that I break the monotony of protracted silence. I have not as yet fairly recovered from the shock of Ed Walton's quitting the tripod--and I am at a loss to know what he will do with his erstwhile busy self. It must be a lonesome rest to Ed to quit the strenuous life of a country newspaper publisher, editor, business manager, news-gatherer, collector, devil, et al of the I. J., of which he had been part and parcel for so many years, or before the advent of the writer on this mundane sphere. We are glad to be numbered among the friends of the former editor, and they are legion; and we wish him unbounded success in whatever avocation or profession he may choose to follow.

As to the new management, commendation would be superfluous. Mr. Saffley, while a young man, has long been in the harness, and is an A-1 newspaper man. His many years' service on the Journal at the State capital proved his "making" and ability in that line. We wish the I. J. the same success under the new regime that attended it uninterruptedly for nearly two score years under the Waltons. It might be of interest to the new editor to know that the writer learned his letters from the big caption title page and ads. of the INTERIOR JOURNAL; and in fact we learned to read from the old I. J.

I wish to chronicle briefly a few points regarding a recent Gulf-Coast jaunt which carried the writer through six of the Southern States, viz: Kentucky, Tennessee, Alabama, Mississippi, Louisiana and Florida. At 9:30 p. m. on the evening of April 23d, accompanied by my brother-in-law, W. B. Adams, a young and prosperous druggist of Louisville, we boarded the fast-flying New Orleans limited L. & N. train for Mobile, Ala., where we were going to attend the Confederate reunion. Midnight found us lurching at Bowling Green, and Nashville was reached about 2:30 a. m. Shortly after daybreak we were speeding through "Ole Alabama," making Birmingham at about 8:30, or in time for breakfast. Birmingham, with a population of about 150,000, is the metropolis of Alabama. The growth of Birmingham has been little less than phenomenal, and the city is justly entitled to the appellation, the "Pittsburg of the South," there being no less than a score of iron and coal mines and steel mills within the corporate boundaries of greater Birmingham. The writer attended the Confederate reunion at Birmingham two years ago, and while there visited a number of the big steel mills and mines. There is a bright future for Birmingham, which is destined to be one of the great cities and industrial centers of the new South. Already the city has two sky-scrapers that eclipse anything that we have in Louisville, a city of almost double the population of the Alabama town.

Montgomery, the capital city of Alabama, and the first capital of the Confederacy, was reached in time for dinner. This is an up-to-date city of about 65,000 souls and is growing rapidly. It is an important railroad center, and is located on the beautiful Alabama river, which is navigable for large-sized river craft. The exact spot where Jefferson Davis stood while taking the oath of office as President of the Confederate States of America in the Alabama State capital building--then used as the C. S. Capitol--is marked by a brass star. The old capital building in a fine state of preservation and has been remodeled with numerous additions since the war between the States, and is still the seat of government and the regular meeting place for the Solons.

The run from Montgomery to Mobile, nearly 200 miles, takes the traveler through the yellow pine belt and lowlands of Alabama. Tens of thousands of acres of valuable yellow pine have fallen to the woodman's axe within the past few years. The turpentine industry in this region furnishes employment to thousands, and is a source of profit to this "pine orchard" owner. Thousands of acres of "boxed" pines can be seen from the car window in the Gulf States of Alabama, Mississippi, Louisiana and Florida. This is also a great industry in south Georgia and the Carolinas. What do I mean by "boxed?" Well, the pine tree is "boxed" pretty much as the sugar tree maple is "tapped." Small tin cups are securely attached. The cups when filled with the pine sap are emptied into barrels and carried to a near-by still, where it is distilled into turpentine and put on the market.

While the great pine forests have been so ruthlessly slaughtered during the past few years, yet the people are awakening to the dilemma, and many young pine orchards--that is what they call them--are to be seen from the car window. And what would the Kentucky cross-tie man think of a cross-tie orchard? Well, the L. & N. has several such orchards along its line in southern Alabama; thousands of acres set in catalpa or catwaba trees. In the orchards we passed the trees were small; had only been transplanted a year or so, but were growing off nicely. An official of the L. & N. road, an old freight conductor, told us that a good sound catalpa tie was good for 30 years, while five years was the average life of a pine tie; but where is the dealer in Kentucky ties who ever heard of a pine tie? However, the scarcity of the oaks and other hardwoods have even necessitated the utilization of the sycamore and other woods that were undreamed of.

WE shot without benefit of clergy, the compositor and the proof reader who let it go "Stanford" instead of "Harrodsburg" in our editorial last issue in which we sought to prove that Harrodsburg is considerably more of a "one-horse town" than Stanford, which slurring epithet the verdant editor of the Harrodsburg Republican applied to the best city in all this part of the state. What we tried to say at the close of our convincing argument on the subject, was that "we'll wager a new summer's bonnet that more Harrodsburg people read the Semi-Weekly Interior Journal than Lincoln county people take the hebdomadal sheet of our facetious friend. We rather regret our hasty execution of the aforementioned typo, after calm reflection, however. Even a printer should hardly be censured for preferring the sweet syllables of "Stanford" to such absence of euphony as "Harrodsburg" indicates to the auricular nerves.

THE Frankfort News announces from an "inside source of information" that Mayor W. O. Head, of Louisville, will be a candidate for the democratic nomination for governor. Looks mighty like the Louisville friends of Ben Johnson have seen the handwriting on the wall and are getting ready to throw the harpoon into him. We have heard for some time that some of the Louisville leaders have become convinced that Johnson could not win before the people and have been casting about for another candidate to put up. Outside of Louisville and his own Congressional district, Congressman Johnson has no strength of any consequence, and with Louisville getting away, his boom has about run its course. What a glorious opportunity it is for a getting together of all democrats behind the Warhorse of Madison, and for a united party and victory. McCreary is known and loved from one end of the state to the other, and can win. What's the use fooling with unknown quantities, and taking serious chances?

WE had not fully appreciated just how good Stanford has become in the past few years, until we attended court at Danville Monday. Now, the capital of Boyle is a hustling burg, but she has no such court days as we do here in Stanford. It is true the weather was inclement, but rainy court days in Lincoln do not produce such lethargy among the traders as was noticeable in Danville Monday. There were only about 100 cattle on the market, and but little buying and selling. One of the biggest stock buyers of Boyle county frankly told us that the Stanford market is far ahead of that at Danville. He went further and declared that Stanford has become the best cattle, horse and stock market in this section of the state, and he ought to know, for he keeps closely in touch with such things. All the big buyers realize this, for they come here from all sections, and most of them are getting so they go to no other court day sales but here.

WE haven't heard much of the new depot petitions lately. This matter ought not to be allowed to die out, for there is no improvement that is needed more in the city, and none that will help its looks more. The railroad's business out of Stanford has grown tremendously within the past few years, and it ought to be willing to show its appreciation. We believe that it will, when the matter is brought before it in the right way. Keep up the good work.

"It has been suggested that upon the return of our prodigal son from Africa we kill the fatted beef trust," says the Commoner.

Middleburg.

We are wondering what the topic of conversation will be when Halley's comet shall have come and gone? The Baptist Sunday-school will have a children's service in June, when an interesting program is to be rendered. A picked-up nine from here went down and defeated Liberty's crack team in a ball game on Saturday afternoon, the score standing 4 to 5. The boys came back in high glee and will organize at once.

Henry Toombs and Clarence Sims, of the New Salem section of Lincoln, were here Sunday. Mrs. Lawson Lee, who was confined to her home most of last week, is out again. Hon. J. A. Webb passed through town Saturday, en route home in Russell. Mr. and Mrs. James Eason, of Garrard, spent Saturday and Sunday with his parents here. Mr. and Mrs. McD. Fogle spent Sunday with Mrs. Fogle's parents at McKinney.

Dr. and Mrs. C. B. Crech are now snugly domiciled in their new residence on Liberty street.

W. C. Bryant has purchased the lot near the lagoon from Miss Nora Coffey and has torn away the old eye-sore that has been a menace to adjoining property owners for years, and will build a nice cottage on the site of the old building.

With the exercises Monday afternoon the first session of the graded school has passed into history, and the trustees and teachers are to be congratulated on the success attained. The entertainment by the pupils was quite a creditable one and showed efficiency and patience on the part of the teachers in the drilling of them for the occasion.

IT'S ALWAYS BAD.

The Best of Backs Are Bad When They Ache. And Stanford People Know It.

A bad back is always bad. Bad at night when bed time comes. Just as bad in the morning. Ever try Doan's Kidney Pills for it? Know they cure backache—cure every kidney ill?

If you don't some Stanford people do. Read a case of it:

Simeon Raines, carpenter, E. Main Street, Stanford, Ky., says: "Some years ago I used Doan's Kidney Pills with good results. In 1900 I met with an accident which brought on a recurrence of kidney complaint. I recovered so that I could work, but my back remained very weak. When doing any thing that required stooping, my back became very lame and painful. Remembering what Doan's Kidney Pills had done for me previously, I procured a box at Shugars & Tanner's drug store and they gave me great relief. Doan's Kidney Pills have my highest endorsement."

For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, N. Y. sole agents for the United States. Remember the name—Doan's—and take no other.

Friends of Mr. E. C. Walton, who recently sold the Stanford INTERIOR JOURNAL to Mr. Shelton M. Saufley, will regret to know that he will leave Kentucky with his family about June 1 to locate in Atlanta, Ga., where he will go into business. Mr. Walton was connected with the paper he sold for about 25 years, and its owner and editor for ten years, during which time he made a fine reputation as a capable newspaper man, and friends of the entire fraternity will wish him success.—Lexington Herald.

Almont Dare

3228.
A. S. H. R.

Sired by Dignity Dare 1982, he by Chester Dare 10, he by Black Squirrel 58, he by King William 97, 1st dam Toxaway 4768, also registered in Vol. 10, A. T. H. R. She by Abdallah Mambrino 3715, he by Almont (33); 2nd dam Lady Davis by Crit Davis, by Bourbon Chief; 3rd dam Mollie S., by Foreign Light, by Foregger, by Imported Glencoe; 4th dam Bettie C., by Cunningham's Copperbottom; 5th dam by Imported Buzzard.

NOTE.—Almont Dare, so far as we are able to discover is the first horse on record having to his credit the honor of defeating with his own progeny those of his sire, Dignity Dare. Since he first became a sire he has had from 1 to 4 premium colts shown each year at the different county fairs and they are developing into a fine lot of walk, trot and 5 gaited ones. This horse is the result of a lifelong mating with the best dams and sires obtainable, and as a natural result is a fine horse, beautiful bay, about 16 hands, and made fat, would weigh around 1200 pounds. A show horse among champions, fully their peers, going 6 distinct saddle gait all fast, true and naturally extremely high. A high tailed

one. He is a full brother to that walk-trot gelding Nettleton that sold at a 4 year old lot \$3,600, and to Troxy Dare that has won more premiums than any mare ever sired by Dignity Dare and a list of others too numerous to mention. This horse, owing to age and location, will make the season at our stable, 2 1-2 miles from Hustonville on Hustonville and Liberty pike, and \$15 to insure a live colt. Mares mated or bred elsewhere renders season due. Grass in abundance at \$2 per month. Our personal attention to all stock, but will not be responsible for accidents. Correspondence and best of all inspection invited.

think that if they raise 20 bushels of wheat or 15 barrels of corn to the acre they are doing well.

ARIZONA RANCHES raise from 6 to 9 crops of Alfalfa a year, yield from 1 1/2 to 2 tons to the acre per cutting, which sells from \$10 to \$20 per ton. We have ranches that yield two crops of corn a year, and no dry years, for all we have to do to make it rain, is to turn on the water in the irrigation ditches.

We have fruit ranches, cattle ranches, chicken ranches, hay ranches and, in fact, anything in the ranch line, large or small, and at all kinds of prices.

Arizona will soon become a state and is coming to the front very rapidly. All kinds of property are in great demand and getting higher every day. Railroads are being built; gold, copper and zinc mines producing untold wealth, and we have the finest climate in the world.

Not only have the Dan 1011s proved great race horses but the family has furnished many noted show ring winners as well as Dan 1011 and Mambrino King both being champion show stallions of National fame received more money in the show ring than any two stallions in the world. A rich dappled bay, black points, 16 hands high, 1200 pounds stallion of great beauty and action, with speed and endurance and unexcelled as a producer of high class show, road and Eastern horses. The records of his produce both in show and sale rings show his value and merit as a producer of fine road, show and sale horses. A look at sire and colts will be convincing.

PUBLIC SALE

Of Fine Bourbon Stock and Tobacco Farm.

As heirs of the late Mrs. Sallie T. Moore, we will sell on the premises 3 1/2 miles from Paris on the Paris and Cynthiana turnpike, on

Thursday, May 26 '10

at the hour of 2 o'clock p. m., and without reserve her farm of 390 acres of land.

The farm is without question one of the best improved tracts of land in the Blue Grass region and is in a high state of cultivation.

It has been in the same family for one hundred years and each generation has taken great care in preserving the fertility of the land.

It has upon it one of the best two-story modern brick residences in the county, containing eleven rooms, halls, closets, a store room, a double front veranda, with elegant bay window between, double back porches and with cellar under main portion of the building.

The house contains a slate roof, has been newly painted and is in splendid condition, inside and out. There is a large elstern near the rear door, and one of the best live houses in the state.

There is also upon the premises a neat house, brick cabin in the yard; stable, tobacco barn for ten acres of tobacco and a good house of five rooms.

The farm is one of the best fenced tracts of land in the county, is very productive and is all in grass except 110 acres. It is well watered, Cooper's Run flowing through one corner of the place, while a number of never failing springs and pools make the farm fruitful.

The land lays well, being sufficiently rolling to afford natural drainage, and is of a rich productive soil. A field of 30 acres of corn last year has now upon it a fine growing crop of wheat, which is sown to clover, the latter being up nicely. Sixty acres is to be planted in corn and can be seeded to wheat in the fall of 1910. The farm is surrounded on all sides by citizens who own their farms. Colonel E. F. Clay, the owner of Pannynoe, and his son, E. F. Clay, Jr., being on the south side, Mr. George Wagner on the west, the land of Miss Elizabeth Grimes and Mrs. R. C. Talbot on the north and bounded by Stoner creek on the east.

The residence and surroundings are among the most attractive on the Paris and Cynthiana pike, the former being located 75 yards from the road and approached with a beautiful heart shaped driveway.

The yard comprises several acres of land well set in bluegrass and shaded with cedars, maple, walnut, and several stately oak and ash trees.

The line of the Cynthiana and Paris Interurban railway, which has been surveyed and will be built within the next twelve months, runs directly in front of the premises and will afford quick transportation in either direction.

The farm will be sold in two tracts, the home place (going in the direction from Paris to Cynthiana) containing 235 acres, and including the improvements and the rental contract for 1910, will compose tract No. 1 and the unimproved land lying immediately across the pike and containing 125 acres, will compose tract No. 2.

Tract No. 2 is one of the richest bodies of land in Central Kentucky. It is deep virgin soil, contains one hundred acres of fine timber and is richly set in bluegrass. The timber consists of mammoth red and white oak, blue and

black ash, maple and walnut trees and is of such a variety and abundance as to be sufficient to build a number of tobacco barns. This tract of land has upon it an elegant and commanding site for a residence. Every acre of the one hundred and twenty-five will produce several fine crops of tobacco, after which it would produce the best corn and wheat that could be grown.

Prospective buyers are invited to visit the farm and inspect its unequalled opportunities as a stock and agricultural farm.

The farm will first be sold as a whole including the rental contract for the year 1910, and possession given March 1, 1911. It will then be sold in separate tracts, and the highest and best bid will be accepted.

If sold separately, purchasers of tract No. 2 can have immediate possession. The terms of the sale will be liberal and will be made known on day of sale. For further particulars and information call on, or write

N. A. Moore, or Colonel George D. Speakes, Auctioneer Paris, Ky.

He is a beautiful bay 15 1/2 hands high four years of age. He has more natural action than any horse living, and from his success as a show horse in his three year old form bids fair to make a greater show horse than his grand old sire, being undefeated in his class as a three year old and always getting his part in the stakes against the crack show horses of 1909.

This great young stallion will make the season of 1910 at the stock yards of A. T. Nunneley, Stanford, Ky., at the reasonable figure of \$25 to insure a living colt. Mares kept at \$2.50 per month, and not responsible for accident or escape. Season due when mares are parted with or bred to other stock.

G. G. BEAZLEY, Stanford, Ky.

DON VARRICK

This magnificent bred young stallion will make the season of 1910 at my stable near Stanford, Ky., on the Shelby City pike at \$15 to insure a living colt. Don Varrick is a beautiful chestnut short back heavy bone to feet the highest type of trotter and perfect disposition. He is by the great Grandfather 2400, that won the \$5000 Transylvania in a year, he is the \$10000 Bonner Memorial and the M. and M. all in broken bones and sold for \$10,000 for the \$25,000. Don Varrick is bred exactly like Spanish Queen that won the \$1000 Transylvania in 1888 making a record of 2:27 and was chased no one of the big four, being one of the greatest money winners on the grand circuit in 1888.

Grandfather 2400, one of the greatest and best sons of George Wilkes, Grandfather 2400 was the dam of the sire of that great family of trotters and pacers, Don Varrick's 1st dam was by Wilkes Boy, by George Wilkes a full sister to The Way 2354, and half sister to Madison Patchen the dam of Hubber 210, Winchester 2194, Billy Wilton 2230, and Miss R. 2301, 2nd dam Mary by George's Boy Eagle the dam of The Way and Madison Patchen.

Don Varrick's dam produced Dr. Conner that paced a public half mile on the Lexington track at 16 months in 1894, and sold to N. W. Hubbager of New Haven for \$1,000, she also produced Maggie 190, that trotted a half mile on the same track in 16 months old to 1:11 and sold for \$500. Don Varrick is fast game and always on the trot, very rarely ever leaves his feet. In 6 weeks handling last Fall he trotted a quarter on half mile track in 44 1/2. See half in 1:10 and the mile in 2:25 on the outside of track. Please note the rich inheritance of speed on both sides, not a missing link for generations. Bred to this fellow and you can't miss the four things every breeder looks for size, disposition, speed and game. See him before booking your mares. Season money due when mares are parted with or bred to another horse. Mares kept at 10c per day and all care taken, but will not be responsible for accidents or escapes. Don Varrick is a 2:10 trotter if he had the proper handling.

Also at same place will stand
Two Mighty Jacks Two.
CHIFFON and RUSSELL.

CHIFFON is a black jack with light points, 4 years old last September, 15 1/2 hands high with a matchless head and ear, well set in a rinky neck, has plenty bone and substance and as a breeder he is not surpassed.

Is a black jack with light points, 4-year-old last August, full 16 1/2 hands high with as much bone and action as a horse, and as a breeder he is the equal of any jack. Both of these jacks will serve mares at \$10 to insure a living colt. Lien retained on colt for season until paid. Season is due if mares are traded or parted with or bred to other horse. Colts will be cared for after June 1st and bred by private contract.

BEAU NABOTH.

Sired by Naboth 10-10, Record 2:19 1/2, Beau Naboth's first dam Nora Bagghman by Nabal 1884 record 2:10, by Electioneer 125, second dam Lela Jr. sired by Metropolitan 1872 by Hamilton 10, third dam Josephine, sired by Monbrine Starlight 1912 by Barley 44, fourth dam Mary Withers by Oliver thoroughbred, 10th dam sired by Wagner, sixth dam sired by Imp Trophy, seventh dam sired by Tharnton's Rattler, Beau Naboth is a large horse standing 16 hands and weighing 1,800 pounds. When he becomes acquainted with the story of his limited education you begin to realize that he is truly a remarkable horse, that he must be a great horse is proved by the wonderful progress that he has made. With very little handling he has proven to be the champion harness stallion of Kentucky. He has won over the best horses that Kentucky has produced. Road of him and you will see that there are no better bred stallions in Kentucky than he is. He gets first-class combined horses, give him a trotter mare, he will get you a trotting colt, remember Beau Naboth is combined with more record families than most any horse in Kentucky. George Wilkes Electioneer, Hamilton and four crosses of thoroughbred to give him stamina. Come and see this horse he lives without a fault, he is perfect from end to end, his three crops of colts cannot be excelled by any horse. All Hail to the Farmers and Stockmen! Behold the Conquering Herds Have Come!

The fine young Jack Excelsior sire Emperor; dam Hidalgo, imported, will make the season of 1910 at the Cedar Creek Valley Stock, Grass, Hay, Grain and Tobacco Farm, 2 1/2 miles south of Crab Orchard, Ky., on the Chappell's Gap pike. He was specially selected from the "Great Jack Herd" of Mr. Isaac Shelby Tevis, Traveler's Rest, prior to his jack sale two years ago; for the 1,000-acre ranch. This jack is in his fifth year; is black in color with characteristic

gray trimmings—a true picture of an ideal jack: a paragon of style, symmetry and perfection; has magnificent head, ears, neck and body; a strong, pleasant countenance expressing gratitude; alert, aquiline eyes; the ears the right size, form and beauty, that vibrate in unison and harmony; animated by true and fond emotions. The neck, shoulders, trunk, feet, legs, thighs, muscles, sinews, bones and tail correspond in unique proportions and at once indicate he is a picturesque model to his Jackship. He has the action, agility and animation of a "racer" or Arabian steed, and demonstrates to the beholder, he is the gifted son of a noble sire, and has always transmitted to his colts size, form, symmetry, style and beauty with elegance, and these attributes make them sell high. All colts he has been mated mules except two and all have sold from \$65 to \$125 at weaning or soon after weaning except two; they are not for sale. Excelsior has a strong, snoring rhythmic, tenor voice and brays the hours in chronological order; and in short or long metre, sings:

Onky! Onky! Onky! I say! I say! Excelsior—the Royal Donkey!

Was sired and foaled in Old Kentucky; Aod lives to work and for luck.

I say! I say! I'm the Royal Donkey!

I say! I say. See and hear the Royal Donkey!

Chorus—Onky! Onky! Onky!

Jenny! Jenny, my Jenny!

Onky! Onky! Onky!

By special permission the following gentlemen and citizens of Lincoln county have kindly consented to be used as reference and endorsement; having raised or purchased his produce and personally know this jack as a great breeder and that his colts are rated with the best; viz: Messrs. John Saylor, John Henry Harris, Brom F. Long, Morgan Chapple, George Holmes, Lute King, Bowen W. Givens, Jacobum Retenstach and I. S. Tevis.

Excelsior will stand at \$8 under same conditions as the stallion Redalgo. Excelsior is the sire of a very fine jenny colt and is destined to be a great jenny jack. The season for jennets will be \$15.

Galton's Pedalgo

The young stallion, Galton's Pedalgo, will stand at the 1,000-Acre Ranch. He is a dark bay, 15 hands high, four years old; has all the essential factors of a model stallion. Sired by Galton 12910; dam Pedic, register No. 3715, she by Falconer's Abdallo Membrino—the season cost \$100; 2d dam Lotie Morey by C. F. Clay, etc. This stallion combines the blood of the Hambletonian, Wilkes, Membrino, Seely, American Star and Clay families, and will stand at \$10 to a limited number of good mares. Lien retained on colts until season is paid. Money due at once if mare is sold or traded. Will not be responsible for accidents or escape of mares. Mares pastured at \$2 per month. If you want stylish, fast trotters, breed to Pedalgo.

Bullbine, the Peerless.

A hornless, red Short Horn Bull; an ideal animal in color form, style, size, symmetry, weight, muscle and bone, will stand at One Dollar, cash at the lot, with privilege of return. All farmers should raise the best beef cattle; it pays to keep the best. It is the bull that is the great factor in transmitting ideal conditions and developments in the herd. Therefore, bring your

cows and get calves you will be proud of and that will sell themselves without chin music. Farmers who breed to the best sires, raise the best stock and get the best prices. We ask the courtesy to purchase at the market price the progeny of these fine animals over other buyers.

The King of Lincoln

A notable and prolific sire. This Jersey bull was sired by Dr. Vaught No. 72945; dam Roberta No. 123610, "A. J. C. C. No. 8 West 17th St., New York, N. Y." will stand at Three Dollars, cash at the lot, with privilege of return. Cows and heifers pastured at reasonable rates. This bull's progeny have been 85 per cent heifers. His high grade heifers have sold from \$35 to \$50 per head as short and low yearlings. Every family should have a good Jersey cow, as a matter of comfort, economy, good living. Always have golden Jersey cream and butter, for no other tastes like this good, yellow butter.

Stockmen and tobacco raisers will do well to keep their eyes on 1,000-Acre Ranch with its fine stock, grassy pastures, abundant water, prolific limestone and much virgin soil, picturesque forests and timber and beautiful landscapes, wire fences and grand pikes, numerous tenant houses and tobacco barns. This land produces the finest quality of tobacco; crop of 1908 sold for 16 1/2 cents; 1909 crop sold for 15 cents per pound.

Cecilian Leaf

44165.

Sired by Red Leaf 121390, the greatest of all roadsters; 1st dam Day Maid by Cecilian, he by Gambetta Wilkes; 2d dam Nell by Balsora 1024; 3d dam Noon Day by St. Elmo 275; 4th dam by Pilot, Jr. 12.

In Cecilian Leaf the blood of C. F. Clay and Red Wilkes is united with that of Gambetta Wilkes and Pilot, Jr., and should prove a cross which cannot be excelled.

Cecilian Leaf is a well developed, registered trotting colt, four years old. He is a rich bay with two white hind feet and a star; is exceptionally rangy for a trotting horse, especially graceful in the neck; stands full 15 3/4 hands; has high ac-

tion to his speed, makes him an ideal horse for the stud. These qualities are just what is needed in a sire to breed high class harness and walk-trot horses, and it is the walk-trot that sells for the most money and has the readiest sale. Cecilian Leaf is unmarked but can trot in 2:28. He will go for a record this summer.

He will make the season at the Pink Cottage barn 1 1/2 miles from Stanford on the Hustonville pike. The fee to a limited number of approved mares this season will be \$15 for a living colt. Season fee due when mare is parted with.

In offering the services of this young horse whose sire and whose dam's sire are among the very foremost of all Kentucky's horses as sires of fancy show horses, I believe that I am making you an offer of rare merit.

To the readers of the I. J. who have been wondering at our absence from these columns, we will say in explanation that we have been engaged in canvassing Hustonville precinct No. 3, as census enumerator. That portion of Lincoln county was new to us, and we knew of no personal acquaintances. While looking over the territory before beginning work we remarked upon the fine country and wondered if the people there were as fine as the country. Now we can answer in the affirmative. The people without an exception, were as pleasant and good natured as one could wish to meet. Every where at meal time we were cordially invited to partake, and in no instance were we refused a night's lodging. One fine old gentleman, at 2 P. M., asked us to return and spend the night, which we did. Upon crossing the threshold of his residence, we were bidden "Make yourself at home." We would like to go on and mention all the kindnesses shown us and the number of nice people we met, but lack of space forbids. We will say in closing, that no finer, more generous or better people live anywhere than those of the West End.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

PUBLIC SALE

Of Magnificent Farm! The undersigned will on

Wednesday, June 1st, 1910

About 11 o'clock A. M., on the premises, sell publicly to the highest bidder that splendid farm known as the "Tudor Place," located in Fayette county, Kentucky, on the Walnut Hills turnpike road and containing 458.3 acres. Upon said farm is an elegant two-story brick dwelling of ten rooms, with good cellar, bath room and all modern conveniences and all usual and necessary outbuildings, including servants' quarters in excellent repair; three good tenant houses, two practically new tobacco barns, capable of housing 30 acres of tobacco; and excellent stock barn and various other improvements. The place has upon it all necessary fencing, and is supplied with lasting and well distributed water to an extent to satisfy the most exacting. The land is naturally as good as the best to be found in the far-famed Blue Grass Region, a large part of it now in grass and balance in the highest state of cultivation. The past cultivation of the land has been such, and its present condition is now such, that exceeding 200 acres of the land is now ready for growing tobacco, and the remainder susceptible with proper tillage, of like use later, so that a purchaser may confidently rely upon having 75 or 100 acres for tobacco annually for all time to come. The remainder of the land being eminently suitable for cultivation in other crops.

No more attractive farm in itself and in its environment is to be found, and either for home or investment purposes it cannot be surpassed, and this opinion we believe will be shared by any who will investigate. The sale of the property is made necessary to effect a settlement between the owners.

Mr. Hieatt will be found upon the premises until day of sale and will be glad to show the place to intending purchasers.

TERMS OF SALE.—One-third cash, balance in one and two years from March 1st, 1911, notes to bear 6 per cent. interest, payable annually, and to be secured by vendor's lien. Purchasers to have customary seeding privileges this Fall and full possession March 1st, 1911. Purchaser will also get the benefit and assume the burden of a lease for two years from March 1st, 1911, covering certain tenant houses and barns on the Combs farm, details of which may be learned on application. Discount at 6 per cent. per annum from day of payment to March 1st, 1911, will be allowed on the cash payment. For further information call on or address.

An Expert's Opinion of Skin Diseases

A prominent, national expert on skin diseases whose name you are familiar with, says that in all his scientific experience he has never found so hard a disease to conquer as eczema. Yet he does not hesitate to recommend ZEMO as a most successful remedy for the treatment of Eczema, itching skin diseases, dandruff, pimples, blackheads and all other diseases of the skin and scalp. He says that not only do its curative qualities make it popular, but also the fact that it is a clean, liquid remedy for external use. A great improvement over the old style greasy salves and lotions which are not only unpleasant to use but do not destroy the germ life that causes the disease. ZEMO draws the germs to the surface and destroys them, leaving the skin clear and healthy. Can be used freely on infants. G. L. Penny will gladly supply those who call with a free sample bottle of ZEMO and a booklet which explains in simple language all about skin diseases and how to cure yourself at home with ZEMO.

Sample Helps Frail Women

So many women are dragging out weary lives just because their digestive organs are weak. The result is poor circulation, nervousness and the verge of invalidism. It is often very unnecessary and the woman's own fault.

The first thing to do is to look to the welfare of your bowels. There the trouble usually lies. All physicians know that a large percentage of women are habitually constipated, and from this result indigestion, piles, weariness, etc., but women constantly complain of. But there is no use taking "female remedies" and things of that kind until you have started your bowels moving. You will find that when the bowels move regularly once or twice a day all your petty ills will disappear. Take a good, mild laxative tonic like Dr. Caldwell's Syrup Pepsin for awhile and you will find yourself rapidly getting better and stronger, your bowels will regulate themselves and work at stated times, and then your headaches and dizziness will disappear. Don't take any cathartic pills or salts, but just such a mild and pleasant-tasting remedy as Dr. Caldwell's Syrup Pepsin.

You can obtain a bottle of your druggist for fifty cents or one dollar, and either size may be enough to permanently cure you. Thousands of women keep it regularly in the house and will no longer be without it, as it cures them and can be used with safety by every member of the family, down to the youngest child. But if you have never used it take the advice of Mrs. Earl S. Cox, 409 Twenty-fifth street, Moline, Ill., and Mrs. Ellen Dungan, Muncie, Ind., and send to Dr. Caldwell for a free trial bottle, as they did, and learn for yourself what it will do in your own case. That it will cure you, as it did them, there is no doubt.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, 1500 Caldwell building, Monticello, Ill.
